as evaluation them wherever you are now.

Providing publishers with the highest quality, most reliable and cost effective editorial and composition services for 50 years. We're the first choice for publishers' online services.

Introductory Mathematical Analysis Haeussler Paul

Haeussler, Paul, and Wood establish a strong algebraic foundation that sets this text apart from other applied mathematics texts, paving the way for students to solve real-world problems that use calculus. Emphasis on developing algebraic skills is extended to the exercises—including both drill problems and applications.
